Dear Charles:

The Officers and Members of Utica Council #189, Knights of Columbus, were over-joyed with your magnificent address at our Breakfast following Communion on Sunday last. Your personality, your easy, fluent, continuous delivery, your subject matter, and your thoughtful preparation in the handling of it, were most impressive. You join the top group of distinguished people who have addressed our annual Spring and Fall breakfasts during the past twenty years. Some of those I mentioned to you, and I am sure, from your own knowledge of them, that you realize the high regard we have for your generous gift of time and talent to us.

You brought with you the high respect we all have for the F.B.I. and its director, Mr. Hoover. You enhanced that prestige and regard on Sunday. My own regret is that an appointment, made long before the date of the Communion Breakfast, kept me until 3:00 P.M. and gave me no opportunity to say farewell at your plane. I trust that our chairman provided for your needs, and that you will take happy memories from your visit to Utica.

We enclose clippings from Monday morning's "Daily Press" and Sunday's "Observer Dispatch" as mementos of your visit.

With kindest personal good wishes,

Sincerely yours,

Dear Mr. Hoover:

Special Agent Charles Brennan of your staff has participated these past two days in an opening of school staff institute for the teachers of the Jefferson City Public Schools, Jefferson City, Missouri. The theme of our workshop was, "The Responsibility of the Public Schools to Teach About Communism".

May I express to you my grateful appreciation and that of each member of our teaching and administrative staff for your assignment of Mr. Brennan to this responsibility. He made dramatic, dynamic, and convincing presentations on this general subject at the two sessions at which he appeared. We shall be in a much stronger position to attack the responsibility which we hope to assume in the classroom approach to this subject because of Mr. Brennan's contribution. While we have much to learn in the materials we shall employ and in the methods in which we shall engage to get this job done, Charles Brennan forcefully convinced us of the need to move into this subject area, and bolstered our confidence in meeting the problems that shall be encountered in so doing.

A number of townspeople availed themselves of the opportunity to hear Mr. Brennan, at the school sessions, and at the Rotary Club on Monday noon he had a captive audience of business and professional men before whom he again forcefully described the communist threat and the important role each could

play in encouraging and supporting the teaching staff in the mammoth and controversial assignment they would be undertaking in teaching about communism to the youth in the public schools.

We further are indebted to Special Agent Rowen Ayres of Jefferson City for the counsel and advice he gave to this office in the initial planning of this workshop experience and for his formal request to the bureau for assignment of a staff member to participate in our program. This type of support and cooperation are not necessary to support the regard and respect in which the services and the personnel of the bureau are held, but it evidences clearly a desire upon your part and your organization to serve any cause, regardless how small it might appear, if it be within your realm to provide.

Thank you very, very much!

Respectfully,

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

The purpose of this memorandum is to recommend Mr. Brennan for a letter of commendation. Mr. Brennan has been doing sustained outstanding work in the Central Research Section for some time. He shows great enthusiasm, judgment, initiative, vision, and insight in carrying out his assignments. His outstanding talents are in the fields of research, writing, and lecturing.

Just recently Mr. Brennan wrote the article "Communist Target - Youth" which is being published by the House Committee on Un-American Activities. This article was remarkably well written. Additionally, Mr. Brennan has been taking lecture assignments both inside and outside the Bureau and has been doing an excellent job. He looks like the best man I have at this time to assist me with lecture assignments outside the Bureau. I think he should be developed further in this direction.

In view of his sustained excellent performance and, in particular, the remarkably fine piece of work he did in writing "Communist Target - Youth," I believe Mr. Brennan should be considered for a letter of commendation.

RECOMMENDATION:

That this memorandum be referred to the Administrative Division and consideration given to issuing Mr. Brennan a letter of commendation.

Reference is made to the memorandum from Mr. Sullivan to Mr. Belmont dated May 11, 1960, regarding the captioned document. Mr. Tolson noted on the referenced memorandum, "This is a well prepared document."

This hard-hitting document was largely due to the enthusiasm, industry, and high standards of writing maintained by those members of the Central Research Section primarily responsible for its preparation. Although several clerical analysts performed the initial research for portions of this document, the preparation and writing was largely the result of the efforts of the following Special Agent Supervisors. Their specific contributions are set out:

Special Agent Russell S. Garner--He planned, coordinated, and supervised the preparation and writing of the entire document. In addition, SA Garner conducted all research for and wrote the section on "Communist Tactics and Strategy."

Special Agent Joseph M. Sizoo--Conducted all research for and wrote the section on "Communist Objectives."

Special Agent Charles D. Brennan--Conducted a portion of the research for and did all of the writing on the sections "Law as a Communist Weapon" and "Meeting the Communist Menace."

Dear Mr. Hoover:

Once again I am indebted to you for your thoughtfulness and kindness. I am referring, of course, to your letter dated July 18, 1960, commending me for my work, particularly that concerning the preparation of the pamphlet entitled "Communist Target--Youth."

As I have previously pointed out to you, writing is a labor of love with me. It is what I have always wanted to do and what my college training was devoted to.

Therefore, I am indebted to you in more ways than one. You have given me an opportunity to fit my own limited talents into a phase of the Bureau's operations where they can be most effective. At the same time, you have given me the rare pleasure which few men in this world enjoy--the pleasure which comes from doing work you really enjoy.

Finally, I am indebted to you for entrusting to me assignments which make it possible for me to play a part in striking back at world communism. If the pamphlet "Communist Target--Youth" awakens some of the people in this Nation to the threat which communism represents, I will have been more than adequately repaid for my efforts.

In that sense, I will be eternally grateful that I have been privileged to work under you, knowing as I do that you are dedicated to smashing communism by attacking it and its supporters with every possible weapon at every opportunity.

Very truly yours,

Charles D. Brennan

MILITARY ORDER OF WORLD WARS
MEMPHIS, TENNESSEE
SPEECH MATTERS

On September 15, 1960, Dr. WAYLAND A. TONNING, 4867 Kaye Road, Memphis, Tennessee a Professor of Marketing at Memphis State University, called and advised that he has just recently returned from Fort Benning, Georgia, where he attended a Seminar on American Strategy, which was attended only by civilians. The Bureau speaker on this occasion was Mr. C. D. BRENNAN of the Washington Headquarters of the FBI. Dr. TONNING stated that Mr. BRENNAN performed in a most excellent manner and that he was enthusiastically received by those present. Dr. TONNING stated he believed that Mr. BRENNAN was substituting for Inspector WILLIAM SULLIVAN.

Dr. TONNING was so impressed with Mr. BRENNAN he wanted to know whether it would be possible to have Mr. BRENNAN speak to the Military Order of World Wars, Memphis, on either November 17 or December 8, 1960. Dr. TONNING is program chairman. He stated he would like to have Mr. BRENNAN talk on the subject of Communism and, if possible, show the documentary film on the Communist riots in San Francisco, which Dr. TONNING saw at Fort Benning.

Dr. TONNING stated the membership of this Order is between 180 and 200 and that approximately 175 members could be expected to attend the meeting, especially if a Bureau speaker is present. He advised that the Order consists of prominent professional people, including doctors and lawyers, and that there are a number of retired flag officers who attend these meetings.

Dr. TONNING stated he has become most aroused over the Communist situation and that he intended to make public appearances in order to bring to the attention of the people the dangers we are facing. He was advised that he would be furnished with material prepared by the Director on the subject and this will be done. He was also referred to Masters of Deceit as an excellent source of material on this subject.

Dear Mr. Hoover:

I wish to express my appreciation for the excellent lecture on Communist Party-USA presented at Arlington Hall Station by Special Agent Charles D. Brennan on 22 September 1960. His knowledge of the subject, coupled with his competent delivery, made this presentation highly informative and interesting.

In view of the sensitivity of the activities of this Agency, it is imperative that our personnel maintain a constant awareness of the necessity for sound security practices. Mr. Brennan's lecture was most effective in motivating this awareness.

I am very pleased to have met and visited with Mr. Brennan and would appreciate your conveying my thanks to him for his excellent presentation.

Dear Dr. Tinning:

Mr. Marilyn W. Johnson, Special Agent in Charge of our Memphis Office, has advised me of your kind remarks concerning the recent appearance of Special Agent C. D. Brennan at Fort Benning, Georgia.

It was good of you to invite Mr. Brennan to appear before the Military Order of World Wars in Memphis, Tennessee; however, because of prior official commitments Mr. Brennan will be unable to be with you on the dates you suggested. I would like to designate in his place Special Agent Fred J. Baumgardner of our headquarters staff to fill the engagement. If this is agreeable with you, may I suggest that you contact Mr. Baumgardner directly at FBI Headquarters concerning further arrangements.

Dear Mr. Munford:

I have read your letter of September 19, 1960, to Special Agent Charles D. Brennan regarding the Seminar on American Strategy which he was privileged to address at Fort Benning, Georgia, on September 9 and 10, 1960.

Your generous words concerning Mr. Brennan are very encouraging, and I know they will be a source of inspiration to him. In response to your inquiry, the only information we have for public distribution on the riots at the hearings held by the House Committee on Un-American Activities in San Francisco is my statement, "Communist Target--Youth." Enclosed is a copy of it along with some other material containing my observations on the subject of communism.

Dear Mr. Brennan:

Before I start begging for a copy of the FBI Notes on the San Francisco Riot, I would like to say that the whole Seminar on American Strategy was tremendously impressive and your part was extremely well played. Thanks for a job well done.

There are still many questions that arise, mostly political, I guess, but they are not stopping us from trying to butt heads with the problem. We are anxiously awaiting receipt of copies of your lecture as well as the others, but if I know the Army, that may be months. We have ordered the film of the Riots and if I remember correctly you stated that your organization had notes on this operation that would help explain the film and its background. We certainly would appreciate receipt of this data if at all possible.

Thanks very much for your assistance in my enlightenment. If you get out this way I hope we can get together again.

Yours sincerely,

The purpose of this memorandum is to make a record of the fact that the captioned employee expects to be on sick leave throughout the month of January, 1961. Supervisor Brennan has been advised by his doctor that he must undergo an operation for the correction of a foot ailment. The ailment involves radiation deterioration of a portion of the tissue on the ball of the left foot. This condition stems from X-ray treatments Brennan received in 1939; however, the tissue deterioration has only recently been noted. To correct the situation, doctors plan to cut out the tissue, remove one and possibly two toes, and, using the tissue and skin from them, perform a skin graft which it is felt will successfully alleviate the condition.

The surgeon who will perform the operation is Dr. John Alexander, a plastic surgeon in Falls Church, Virginia. A tentative date for the operation has been set for January 3, 1961, at the National Orthopaedic and Rehabilitation Hospital in Alexandria, Virginia. Dr. Alexander has stated that Brennan may anticipate spending two weeks in the hospital followed by a three-week period in which the weight will have to be kept off the foot. He has stated that the chances for a successful operation are excellent and that Brennan's capacity for future strenuous activity should in no way be limited. It is to be noted that this condition is a matter of record in Brennan's file having been called to the attention of the examining physician during previous physical examinations. In 1959, for example, Brennan was referred to surgeons at Bethesda Naval Hospital during his physical examination and it was their considered opinion at the time that such an operation would eventually be necessary depending upon the rate of tissue deterioration.

Dear Mr. Hoover;

It was a great honor and pleasure to have an opportunity to meet you on my recent visit to Washington. You are much more than a legendary figure in this country; you are a uniquely effective, and uniquely respected leader in the everyday effort to preserve our freedoms and philosophies. I salute you for your unusual sense of discrimination, in consistently rejecting the seemingly easy way of power politics toward the solution of problems, and your insistence on the responsibility of individual citizens in maintaining our society against all enemies.

May I also congratulate you on the calibre of the fine men who work with you. Mr. deLoache, Mr. Kemper, and Mr. Brennan were most hospitable and cooperative in my meeting with them, and I was most impressed by their abilities in the stimulating conversation we enjoyed.

God bless you, sir, in your work, and give you that sense of satisfaction which you so richly deserve.

Supervisor Charles D. Brennan received a telephone call from a Mr. Henry Burns, Jr., in Macon, Georgia, on 2/27/61. Mr. Burns identified himself as President of the Burns Brick Company in Macon and stated that he had attended a seminar at Fort Benning, Georgia, in September, 1960, at which time Agent Brennan spoke on the subject of communism.

The film "Operation Abolition" was also part of the program at that seminar. Mr. Burns said that, after the seminar, he obtained a copy of the film and has been showing it locally in Macon. He said that on 2/27/61 it was shown to the Rotary Club there. Unfortunately, he said, the chairman at the Rotary Club meeting stated that the film "Operation Abolition" had been edited by the FBI. This statement, Burns said, was disputed by a member of the Rotary Club, a Mr. Carey Pickard, identified by Burns as a former FBI Agent. Pickard raised the objection that the FBI did not edit films of this nature.

According to Burns, a controversy arose and Pickard called our Atlanta Office about the matter. Subsequently, Pickard announced at the Rotary Club meeting, which was still in session, that the FBI had no connection with the film.

Burns said he was calling to satisfy himself that Brennan was the Agent who had appeared at the seminar. He said that he realized the chairman had made a mistake in saying that the FBI had edited the film and that he, himself, had called the chairman's attention to this error.

Brennan pointed out to Mr. Burns that the FBI not only had not edited the film, but that the FBI also had nothing to do with the film's preparation or distribution and that the FBI could in no way endorse the film.

In addition, Brennan pointed out to Mr. Burns that, while at the seminar, Brennan not only had made it clear that there was no connection between the FBI and the film "Operation Abolition," but also that the FBI's position on the San Francisco

Re: "OPERATION ABOLITION"

riots was clearly stated in the pamphlet "Communist Target--Youth," copies of which would be furnished to any individual or groups of individuals interested in determining the facts about the San Francisco riots.

Burns said that he may have contributed to some of the confusion which arose at the Rotary Club meeting because, since the film "Operation Abolition" was shown immediately after Brennan's discussion on communism at the Fort Benning seminar, Burns thought that the FBI had had a part in making the film available for the seminar. He stated that he was sorry that anything he may have said or done in connection with showing the film would have conveyed his own mistaken opinion about this and that, in the future, he would make it clear that there is no connection between the film and the FBI.

Bureau files contain no information identifiable with Henry Burns, Jr. Files reflect that Carey O. Pickard entered on duty as Special Agent on 6/30/30 and resigned 3/3/41. His personnel file is satisfactory and relations with him have been cordial.

There is enclosed an airtel to the Atlanta Office furnishing that office with background information of this controversy as discussed by Mr. Burns and instructing that office to answer any inquiries in this matter to clearly show that there is no connection between the FBI and the film "Operation Abolition."

RECOMMENDATION:

That enclosed airtel be forwarded to the Atlanta Office.

Reference is made to the memorandum in captioned matter dated 2/28/61, a copy of which is attached. On this date, former Special Agent Carey O. Pickard called long-distance from Macon, Georgia, and contacted Special Agent Charles D. Brennan. As shown in the attached memorandum, Pickard is involved in the controversy which erupted in Macon at the showing of the film "Operation Abolition" at the Rotary Club in that city on 2/27/61.

Pickard stated that the controversy is still boiling. He said that in the 2/28/61 issue of the Macon News a statement appeared that officials of the Third Army had confirmed that the film "Operation Abolition" had been shown at a seminar at Fort Benning, Georgia, last year. In addition, Pickard said, the newspaper article also stated that the film had been accompanied by a "running commentary" by Agent Brennan at the seminar. Pickard was told that this was absolutely false on the face of it since the film carries its own commentary. He requested a statement from the Director on the facts of the matter.

As noted in the attached memorandum, our relations with Pickard have been cordial. He is correct in the stand that he has taken in disassociating the FBI from any connection with the film "Operation Abolition." The latest incident illustrates the increasingly controversial nature of the film with lines being drawn in various communities between those for and against it. The net result is that untold damage is being done by the film in dividing people when never has there been a greater need for unity of action at the local level. The worst part, of course, is the fact that many using the film are dragging the FBI into the controversy by attempting through every means possible to state or to imply that the FBI has endorsed the film.

The Bureau took the correct stand in this matter a long time ago with its letter to all Special Agents advising them that nothing they say or do in response to inquiries should be permitted to be interpreted as an endorsement of the film.

"OPERATION ABOLITION"

Mr. Henry Burns, Jr., of the Burns Brick Company, Macon, Georgia, contacted Supervisor Charles D. Brennan at the Seat of Government on 2/27/61, by telephone, concerning a controversy which had arisen at the Rotary Club in Macon, Georgia, on the afternoon of that date. Burns said the controversy arose from the showing of the film "Operation Abolition." Unfortunately, Burns said, the chairman at the meeting stated that the film had been edited by the FBI. This statement was challenged by Mr. Carey Pickard, a Rotary Club member and a former FBI Agent, who said it was not the practice of the FBI to edit films of this nature.

According to Burns, Pickard contacted your office while the Rotary Club was in session, making an inquiry about Brennan and the FBI's connection with the film "Operation Abolition." Subsequently, Pickard announced at the meeting that the FBI had no connection with the film. This, of course, is true, and it was reaffirmed to Burns during his call to Supervisor Brennan.

Burns explained that he had received a mistaken impression concerning FBI connection with the film because the film was shown immediately after Supervisor Brennan had appeared as a guest speaker at a seminar held at Fort Benning, Georgia, in September, 1960. Burns, who has been active in sponsoring showing of the film to civic groups in the Georgia area, said that in the future he will be careful to see that no impression is created during the showing of the film that there is any FBI connection with it.

SA Arbor W. Gray, Central Research Section, had been designated to speak at the captioned conference on March 21, 1961, at the Robert Meyer Hotel in Jacksonville, Florida. In response to a request from a representative of the DAR, the Director designated SA Gray by letter dated October 19, 1960, and arrangements for his appearance have been handled in correspondence between Gray and Mrs. Robert Baures in St. Petersburg, Florida.

SA Gray recently completed a number of speaking assignments in various cities in Florida. As a result of one of these appearances, it will be recalled, right-wing fanatics who misinterpreted Gray's remarks sent the Director a telegram and a letter criticizing SA Gray. In order to avoid providing these fanatics with further basis for provocative action of this type or of causing an embarrassing incident, it is believed advisable to substitute a speaker for the DAR conference Gray was to address on March 21.

SA Charles D. Brennan, Central Research Section, has handled similar assignments and, in fact, is scheduled to address a DAR state-wide conference in Toledo, Ohio, on March 14. In light of the existing circumstances, it is believed that it would be more advisable to designate Brennan to handle the DAR assignment in Jacksonville also.

REC-149

Enclosed is a letter to Mrs. Robert Baures informing her that an emergency situation will preclude Agent Gray from being in Jacksonville on March 21 and volunteering to make available SA Brennan for that date.

Dear Mr. Pickard:

Special Agent Charles D. Brennan has advised me of your telephone call to him on March 1, 1961, and of your inquiry concerning any connection between his appearance at a seminar at Fort Benning, Georgia, in September, 1960, and the showing of the film "Operation Abolition" at the seminar.

There was absolutely no connection between Agent Brennan's appearance there and the showing of the film. Agent Brennan appeared there at the invitation of the sponsors of the seminar to discuss communist activities in the United States. The showing of the film "Operation Abolition" was arranged separately by the sponsors of the seminar. The Federal Bureau of Investigation has had no part in the preparation or distribution of the film, nor has it edited the film. The appearance of Agent Brennan on the same program at which the film was shown cannot and should not be construed as an endorsement of the film.

Agent Brennan did not, as you say it has been reported, deliver a "running commentary" on the film at the seminar. He has advised me that he received and answered questions from those in attendance at the seminar pertaining to knowledge which the Federal Bureau of Investigation had of the demonstrations which occurred in San Francisco in May, 1960. His replies to these questions were based on my statement concerning the demonstrations, copies of which he urged

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

- + (1) Personal appearance.

SUBJECT: SPEAKING ENGAGEMENT
 OBLATE FATHERS OF MARY IMMACULATE
 CATHOLIC UNIVERSITY
 6:00 p.m., APRIL 27, 1961

Reference is made to the memorandum from M. A. Jones to Mr. DeLoach, dated 4-18-61, in captioned matter, designating SA Charles D. Brennan, Central Research Section, to handle the speech assignment before the Oblate Fathers.

Brennan spoke as scheduled, the audience consisting of approximately 55 seminarians and approximately 20 faculty members of the Oblate Fathers of Mary Immaculate. Brennan spoke from 8:00 to 9:00 p.m. and answered questions from 9:00 to 10:30 p.m., having indicated that he was completely at the service of the group and that the time limit should be left to their discretion.

Brennan outlined the current status of the communist conspiratorial challenges we in the FBI are coping with and emphasized that current communist drives are aimed at youth and the campuses.

The question and answer period was indicative of the intense interest of the group, lasting as it did for an hour and a half. The questions were intelligent and ranged widely over the field of communist activities. Since it was a closed group with no press coverage, Brennan spoke frankly and did his best, wherever possible, to give direct and satisfying answers.

Brennan was entertained at dinner prior to the lecture by Father Richard J. Murphy, Rector of the Oblate College. Enclosed is a letter just received from Father Murphy, thanking Brennan for his appearance. It will be acknowledged by Brennan and requires no further action.

OFFICE OF THE RECTOR

Mr. Charles D. Brennan
Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Brennan:

Your lecture last night was excellent and I want to take this occasion to express our gratitude to you. Although in a certain sense, you might have looked upon this lecture as routine, I can assure you it meant a great deal to the faculty and students of the seminary. Not only did you give us a great many facts about Communism which some of us were unaware of before, but you also gave us a great many intangibles.

I know all of us were greatly impressed with your knowledge and deep understanding of this movement--and your ability to express this in clear understandable language. But more. We were deeply impressed by your dedication and enthusiasm. We, too, need inspiration from time to time, and you certainly provided us with a great deal last evening.

It is true that we have only fifty-five students, but these young men in future years will have far-reaching influences, not only in this country, but all over the world. In that sense, your audience was unlimited, for I know in future years these young men will take the many things you gave them to the four corners of the earth. I am sure it will be a source of consolation and justifiable pride to know that you have assisted in some way towards the training of these future priests.

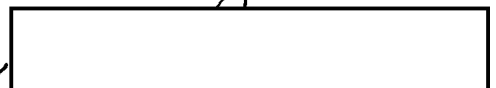

All the fathers enjoyed talking with you before and after the lecture, and please extend our appreciation to Mrs. Brennan. I know such night-affairs must be hard on her. Please assure her that both of you, as well as your children, are in our prayers. Please come back and see us. Finally, I am sending you a copy of my dissertation with the regret that I wish I had heard you before I wrote it.

Hoover Denies FBI Had Part in Controversial Film

Director J. Edgar Hoover of the Federal Bureau of Investigation said in a letter to a Macon man today that the FBI "has had no part in the preparation or distribution" of the conversial film "Operation Abolition."

Hoover wrote to Carcy O. Pickard, Macon businessman and former FBI agent, about the appearance of Special Agent Charles D. Brennan of Washington, D.C., at a seminar at Ft. Benning last September at which the movie was shown.

The film deals with demonstrations involving college students at a hearing of a House Un-American Activities subcommittee in San Francisco, Calif., last May and draws its title from what the committee says is a Communist campaign to abolish the committee.

"There was absolutely no connection between Agent Brennan's appearance there and the showing of the film," Hoover wrote.

A Third Army spokesman at Ft. McPherson in Atlanta last week said Brennan had introduced the film from the stage and remarked on its contents at the seminar, which was attended by Henry K. Burns Jr. of Macon. Burns later obtained a copy of the film and is showing it to local groups with the claim it depicts an incident which was "played down" in the press. Pickard raised questions about the film and about Brennan's alleged connection with it at a meeting of the Macon Rotary Club last week at which Burns showed "Operation Abolition."

Burns claimed FBI backing for the film through Brennan's appearance at the seminar and said the FBI agent had shown it and had spoken about it there.

"Agent Brennan appeared there at the invitation of the sponsors of the seminar to discuss communist activities in the United States," Hoover wrote Pickard. "The showing of the film 'Operation Abolition' was arranged separately by the sponsors of the seminar. The Federal Bureau of Investigation had no part in the preparation or distribution of the film, nor has it edited the film."

"Agent Brennan did not, as you say it has been reported, deliver a 'running commentary' on the film at the seminar. He has advised me that he received and answered questions from those in attendance at the seminar pertaining to knowledge which the Federal Bureau of Investigation had of the demonstrations which occurred in San Francisco in May, 1960. His replies were based on my statement concerning the demonstrations, copies of which he urged all in attendance at the seminar to obtain and study."

Critics of the film, including the National Council of Churches and some of the conservative newspapers in the San Francisco area, have said it distorts what happened through showing of scenes out of sequence, that the narration by Fulton Lewis III, of the House Un-American Activities Committee staff includes statements not substantiated by the pictures themselves, that it is presented without standard credits, and that it is being sold by a private film company without compensation to newsreel and television sources from which the original film was obtained by subpoena and edited into the controversial movie.

Burns, in commenting on the film at a showing last week, said the critics are mainly "left-wing brothers and the left-wing press."

SUBJECT:

INFORMATION CONCERNING
 (INTERNAL SECURITY)

Brennan, C. D.

This memorandum is to fix responsibility as to why the daily airtels from San Francisco Office were withheld from the Director and there was not a summary of their contents sent to the Director.

These airtels were too lengthy to send to the Director. In view of the importance of this case, we should have kept the Director advised by summary memoranda on a daily basis. The failure to do this, or to see that it was done, rests with several individuals.

The Supervisor, J. F. Morley, Internal Security Section, who was processing the trial information from San Francisco, prepared a memorandum 4/20/61 setting forth background information and the fact that the trial had started. This was based on an airtel from San Francisco dated 4/18, received 4/20/61. He next prepared a memorandum, dated 4/27 (dictated 4/26), briefing information in San Francisco airtels received 4/21 to 26/61, pointing out that the prosecution's case was weak and that acquittal was anticipated. I did not send this memorandum to the Director because we had received information that the Bureau's pamphlet was under attack at the trial, and I felt this should be specifically set out.

Supervisor C. D. Brennan, Central Research Section, then prepared a memorandum dated 4/28/61, setting this fact out in detail, with accompanying newspaper clippings.

An additional memorandum was prepared on 5/1/61, by Supervisor Morley, setting forth additional developments at the trial, and he subsequently materially assisted in the preparation of 15-page and 4-page memoranda dated 5/3/61, setting forth the over-all picture of the trial, with a resume of the testimony of all defense witnesses.

There was a delay in getting the necessary information to the Director. Knowing the importance of this case, it was certainly my responsibility to see that a daily summary went to the Director

and that he was kept advised of pertinent developments. Morley should have prepared such daily summaries.

Even when it became apparent, as the trial progressed, that the Bureau's pamphlet was subject to comment, we moved too slowly in advising the Director. Besides myself, Inspector J. A. Sizoo, to whom I gave instructions, and Section Chief F. J. Baumgardner, to whom Sizoo gave instructions, are chargeable with delay. Supervisor C. D. Brennan is chargeable with delay in the preparation of the 4/28/61 memorandum.

The fact that we were misled by information originally furnished by San Francisco to the effect that the prosecution had five witnesses, plus a newspaper reporter's tape, which appeared to make a good case for the prosecution, cannot be used as an excuse. Some of these alleged witnesses did not materialize. We were on notice as to this after the first few days of the trial, after the prosecution rested.

RECOMMENDATION:

It is recommended that the following individuals be censured for failure to keep the Director sufficiently advised of developments in this matter: Assistant Director A. H. Belmont; Inspector J. A. Sizoo; Section Chief F. J. Baumgardner; Supervisor J. F. Morley; and Supervisor C. D. Brennan.

Dear Mr. Brennan:

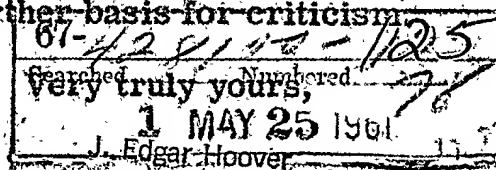

A document prepared by you for public dissemination concerning the rioting which occurred in May, 1960, during hearings of the House Committee on Un-American Activities in San Francisco contained an erroneous statement. The circumstances relating to your preparation of this pamphlet have been reviewed very carefully and you were at fault in not having verified the documentation of the incorrect statement.

Accordingly, you should exercise more care in handling your future assignments in order to prevent similar errors and to insure that there is no further basis for criticism.

In accordance with the Director's instructions, we have analyzed the explanations of the San Francisco Office, dated 5/11/61, in this matter, and have made recommendations placing responsibility both at San Francisco and the seat of government.

When the rioting at San Francisco took place from 5/12 to 5/14/60, it was recognized as a matter of considerable significance from the standpoint of Communist Party activity. San Francisco was instructed on 5/18/60 to submit a detailed analysis as to what took place. San Francisco did submit a comprehensive report, dated 5/31/60, on the riot and the part played in it by the Communist Party, attributing the information to "sources which have furnished reliable information in the past, eye witnesses, and available public sources."

After the report was reviewed at the Bureau, it was decided to make a public statement regarding the communist influence in the riot, to alert the public as to what had happened. The Bureau pamphlet "Communist Target - Youth" was highly effective in showing the communist participation in the HCUA demonstration, and severely curtailed the effectiveness of the communist propaganda running rampant in the weeks subsequent to the riot.

The Central Research Section was requested to write a story of the rioting in a manner which would make the greatest impact on the public. Supervisor Charles D. Brennan prepared the pamphlet. The San Francisco report on which it was largely based was positive in tone, and no qualification was placed on its contents. It was taken at face value and, in the absence of some reason to doubt its accuracy, we relied on it, bearing in mind that San Francisco stated the information was furnished by sources which had furnished reliable information in the past, by eye witnesses, and by available public sources.

The paragraph in our pamphlet relative to leaping the barricade, hitting the police officer, and turning the hoses on, is based on positive statements in the San Francisco report and, in fact, is taken almost verbatim from the report.

Mr. Parsons

It now appears we would have been safer to go back to San Francisco and have them fully document their report, to determine the actual sources of each piece of information before our pamphlet was published. Presumably, San Francisco would have advised us that this particular bit of information came from a police source, and would have put us on notice to qualify the information as coming from the police. I say presumably, because when we requested San Francisco to document the report, in August 1960, the paragraph containing this information was documented to Special Agent [redacted]. When we later went back and asked just what Kuno had seen, San Francisco advised that the particular bit of the paragraph in question had been furnished to Special Agent [redacted], by the San Francisco Police.

On the basis that it is the responsibility of the individual preparing a document for publication to be sure that every statement is fully and completely documented, we are recommending that Special Agent Charles D. Brennan, of the Central Research Section, be censured.

With reference to San Francisco's explanations, we find fault with SAC Auerbach's theory that San Francisco's report of 5/31/60 was submitted for the information of only the Bureau and its normal intelligence associates. Presumably Auerbach is taking the position that information submitted for such purposes need not be as accurate as information submitted for publication. This we cannot agree to. We feel we are entitled to have accurate information submitted by the field, regardless of for what purpose, and there cannot be two standards of reporting.

b6
b7C

Auerbach's position is utterly fallacious. H
Further, we do not agree with Auerbach's explanation that the documentation of the paragraph in question was correct as originally reported, that is, attributable to SA [redacted] when in fact it later turned out that the information in question was attributable to SA [redacted], as received from the police. Inasmuch as these are positions taken by SAC Auerbach himself, and not a subordinate, we recommend censure for Auerbach.

RECOMMENDATIONS:

As indicated above, it is recommended that SAC Auerbach of San Francisco be censured, and Supervisor Brennan, of the Central Research Section at the seat of government, be censured.

I think SAC Auerbach is wrong in his approach to the whole problem and his excuses are fallacious, and it is noted that he recommends no administrative action. I recommend that in addition to censure he be placed on probation. *yes. H.*

I agree with Mr. Belmont's recommendation that Supervisor Brennan of the Central Research Section be censured. The draft was approved by Mr. W. C. The position of Number One Man, Central Research Section, is now vacant with the promotion of Special Agent Richard W. Smith to Section Chief. Special Agent Charles D. Brennan is recommended to fill this position of Number One Man. Mr. Brennan is a most valuable man to the Bureau. He is a very capable researcher, writer, lecturer and administrator, and currently the Supervisor In Charge of the Current Research Unit, Central Research Section.

Mr. Brennan is a neat dresser, possesses poise, and makes an impressive personal appearance. This employee is within desirable weight limits and has a satisfactory leave record. He is completely available for any kind of assignment which the Bureau may wish to give him.

On February 27, 1959, Mr. Brennan was interviewed by Assistant Director Tavel and Inspector Edwards. This interview determined that Mr. Brennan has a very good personality and gives the impression of being intelligent, alert, and enthusiastic. He indicated above-average knowledge of the Bureau's over-all problems and an intense interest in helping to solve them. It was recommended that Mr. Brennan be considered qualified for administrative advancement.

Re: Charles D. Brennan

The competence of this employee has been recognized by the Director on a number of occasions since his assignment to the Bureau on January 30, 1956. Since that time, he has been commended by the Director on 7 occasions. On 3 other occasions, he took an important part in assignments for which the Section was commended. During this period, he received 3 written censures and 1 oral censure. The most recent censure was in connection with misinformation furnished the Bureau by the field which was incorporated in "Communist Target--Youth." This was written in its final form by Mr. Brennan. The over-all record of this employee is excellent. Mr. Brennan and the unit which he supervises have prepared a number of excellent documents which have been well received by the public or other Government agencies and officials. For example, he has made important contributions to the study of the Soviet tactic, "peaceful coexistence"; the outstanding speech by the Director, "Law and the Layman"; a briefing of the President and his Cabinet by the Director on the subject of espionage activities in the United States; the analysis of "The Nation" magazine article which attacked the Bureau; a special study for the White House on communist infiltration of the press; and to the document for the use of the American Bar Association, "Communist Tactics, Strategy, and Objectives of Special Concern to American Lawyers." In addition, Mr. Brennan has been the subject of a number of communications from outside the Bureau commenting very favorably on his capable handling of speech assignments.

SA Charles D. Brennan be approved to fill the position of Number One Man of the Central Research Section.

31 JUL 1961

My dear Mr. Hoover:

I would like to express my appreciation for the presentation on Communism in the United States given by Mr. Charles Brennan during the recent Military Personnel Security Orientation Course.

This is the first time a representative from the Federal Bureau of Investigation has been requested to lecture for this course, and the result was most favorable. Mr. Brennan's formal presentation and his comments during the question and answer period were pertinent and informative, and student reaction was uniformly complimentary. Mr. Brennan's participation contributed significantly to the course.

Sincerely yours,

W. R. SMEDBERG, III

Dear Mrs. Crider:

Your letter of July 10, 1961, with enclosure, has been received. I want to thank you for your thoughtfulness in writing and for your generous comments concerning my book, "Masters of Deceit." It is always good to hear from citizens who demonstrate an awareness of the menace which the threat of communism poses to our Nation's freedom and who exhibit a desire to combat this evil.

Your letter shows that we share a mutual concern for the threat of communism. In this regard, I am enclosing some material on the general subject of communism which you may find of interest. Some of these items contain suggestions as to ways citizens can defend our democratic way of life against this false doctrine.

I was pleased to learn that you enjoyed Special Agent Charles D. Brennan's address before the National Society, Daughters of the American Revolution in Toledo.

In view of your concern, I want to assure you that my only desire is to continue to serve our Nation in my present capacity to the best of my ability.

Sincerely yours,

Her comment regarding the Navy's refusal to permit the showing of "Operation Abolition" being purposely ignored.

TRUE COPY

July 10, 1961

Dear Mr. Hoover-

Finally, I have gotten around to reading "Masters of Deceit"--My husband & I are on our vacation--so in the peaceful surrounding I am reading it aloud---sometimes out in the boat while fishing. I find it very concise & very interestingly put----too. These seem shabby compliments compared to the worth of your book, I know--but, I add, --I wish everyone in this country would read it.

There are so many fronts in this cold war an ordinary person like me who wants to be of some help often feels very frustrated indeed.

I have sent you this editorial for several reasons.

(1) to show you that some radio station owners (at least) have the courage to speak out & this is the only one I know of around here. This editorial was broadcasted 4 or 5 times over a 24 hr. period--It is the 3rd. The time for the first broadcast is never indicated and they are not regular. Copies may be had on request. I ordered 100 of these to distribute.

(2) Is "giving aid & comfort to the enemy," treason? That is, to me, a very important question? I think it is time that our govt. defined specifically "aid & comfort" so that people like the Eatons can be stopped from making fools out of the Americans & the U. S. A. Now I hear Cyrus Eaton is going to hold a conference Sept. 11-18 in Aspen, Colo. for Red Chinese scientists. How much more can they the Eaton's do--to harm this country? Mrs. Eaton spoke this spring at the Unitarian Church in Rocky River (suburb of Cleveland)--some who were there tell me she painted a very pretty picture of life in the satellite countries. Many, many people are in despair over the Eaton's actions & wish something could be done to stop them.

I met your Mr. Brennan in Toledo this spring--& heard him speak before the DARState convention. A very enjoyable experience.

My biggest worry is--what is going to become of this country if J.. Edgar Hoover ever gives up his job?

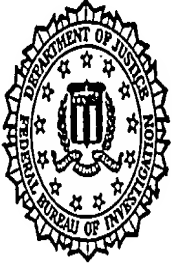

Sincerely,

2216 Northland Ave.
Lakewood 7, Ohio

Lorraine L. Crider
(Mrs. T. G. Crider)

P.S. I brought Operation Abolition here last November--& with the help of 4 friends we managed to have it shown at 2 churches, to the principals of Lakewood, many private showings, etc. These same friends besides giving this effort also helped finance it. We are going to see "Communism on the Map" next (shown to us privately) & if we pass on it--we will arrange to have a larger showing in August for college students. I hear the Navy has forbidden its showing to personnel. Why?

By memorandum 8-17-61, SA Charles D. Brennan, #1 Man, Espionage - Central Research Section, Domestic Intelligence Division, was recommended for promotion from Grade GS 14 to Grade GS 15. It pointed out that Brennan assumed duties of #1 Man in this section on 6-19-61, has assumed the new duties with vigor and displayed ability to carry out responsibilities of position in an excellent and effective manner.

SA Brennan has been assigned to the Espionage - Central Research Section since January, 1956, and has performed in an above-average fashion. It should be noted that since being assigned to that section he has been commended on eleven separate occasions, the last being on 12-12-60 for his outstanding attitude in reporting for duty despite extremely hazardous travel conditions. He has been censured on four occasions since being assigned to this section, the latest occasion being 5-23-61, inasmuch as a document prepared by him for public dissemination concerning the rioting which occurred in May, 1960, during hearing of the House Committee on Un-American Activities in San Francisco contained an erroneous statement. He was rated Excellent in his performance rating 3-31-61 with comment that while serving during the rating period as Supervisor in Charge of the Current Research Unit he organized the work efficiently, directed personnel effectively and quickly accomplished results. He was interested in, available for and considered completely qualified for administrative advancement with outstanding qualifications. He was interviewed by the Screening Committee on 2-27-59 and the Committee felt he was well qualified for administrative advancement. Memorandum of 12-9-59, in answer to the Director's inquiry as to when SA Brennan would be eligible for promotion to Grade GS 15, pointed out he fell under the restrictions of the Whitten Amendment and having been promoted to Grade GS 14 on 7-12-59 would not be eligible for Grade GS 15 until 7-12-60.

Memorandum to Mr. Mohr
Re: SA Charles D. Brennan

Although Brennan has performed effectively as #1 Man of the Espionage-Central Research Section since assuming such duties on 6-19-61, it is not felt that he should be reallocated to Grade GS 15 at this time due to the severe censure received by him dated 5-23-61 for the erroneous statement in connection with the document pertaining to the San Francisco student riots. In addition, it should be noted that SA Richard W. Smith, Section Chief of the Espionage - Central Research Section, is in Grade GS 15.

RECOMMENDATION:

That SA Charles D. Brennan not be reallocated from Grade GS 14 to Grade GS 15 at this time but that he be reconsidered after an additional 90-day period.

Mr. Brennan has assumed these new duties with vigor and has displayed his ability to carry out the duties and responsibilities of this position in an excellent and effective manner. He is a very capable administrator, writer, lecturer, and researcher and is most valuable to the Bureau.

Mr. Brennan has demonstrated a high degree of initiative and forcefulness and has the quality of generating enthusiasm and high morale among his fellow employees. He has a broad understanding of policy matters, a talent for organization and administration, and is very effective in the position of Number One Man. His poise and confidence clearly contribute to his effectiveness as a conversationalist, writer, and speaker.

The Bureau's problems are of great interest to Mr. Brennan. He is vitally concerned with solving them through his resourcefulness and his effective writing and speaking accomplishments.

Since his assignment to the Bureau on January 30, 1956, Mr. Brennan has served first as a Supervisor and subsequently as Supervisor in Charge of the Current Research Unit, both in the Central Research Section. During this period he has been commended by the Director on seven occasions. On three other occasions he took an important part in assignments for which this Section was commended. During this period he received three written censures and one oral censure. In addition, Mr. Brennan has been the subject of a number of communications from outside the Bureau commenting very favorably on his capable handling of speech assignments. The over-all record of this employee is excellent.

SUBJECT: SPEECH ON COMMUNISM--CRITICISM
 THE FLORIDA FEDERATION OF WOMEN'S CLUBS
 FORT LAUDERDALE, FLORIDA
 OCTOBER 3, 1961

Brennan, Charles D.

Enclosed are two letters critical of a speech made on communism by Special Agent Charles D. Brennan, Central Research Section, who spoke before captioned organization at a banquet in Fort Lauderdale, Florida, on the evening of October 3, 1961.

The one letter, dated October 7, 1961, was sent to the Director by Mrs. Herberta Ann Leonardy from Coral Gables, Florida. The letter identifies her as President of the National Association of Parliamentarians. The other letter, dated October 5, 1961, was sent to the Director from Mrs. O'Neil Langlais, Fort Lauderdale, Florida. With her letter she enclosed a news article from the Fort Lauderdale News, dated October 4, 1961. Bureau files contain no identifiable derogatory information concerning either woman or the National Association of Parliamentarians.

REC-146

67-428100-130

Both letters are in the same vein. In effect, they charge Brennan with being soft on communism. Both of them are typical of the occasional attack which right-wing extremists have made before on Bureau speakers who attempt to discuss the subject of communism in a rational and objective manner while warning against the dangers of vigilante action. Also typical of this type of individual is the comment made in Mrs. Leonardy's letter that she is writing despite the fact that she knows "it is rather dangerous to report an F.B.I. agent."

Enclosed are letters from the Director to both Mrs. Leonardy and Mrs. Langlais assuring them that Brennan's presentation was factual and, in addition, pointing out to Mrs. Leonardy that not only is it not dangerous to report an FBI Agent but that we welcome criticism.

It is recommended that Special Agent Charles D. Brennan be reallocated from grade GS-14 to GS-15. The memorandum from W. S. Hyde to Mr. Mohr dated August 28, 1961, in this matter recommended that SA Brennan not be reallocated at that time but that he be reconsidered after a 90-day period. This was approved by the Director.

SA Brennan has been assigned to the Central Research Section, Domestic Intelligence Division, since January 30, 1956. He served first as a Supervisor and subsequently as Supervisor in Charge of the Current Research Unit, Central Research Section. During this period, SA Brennan was commended by the Director on eleven occasions. He received one oral and three written censures. The last censure was made on May 23, 1961, inasmuch as a document prepared by him for public dissemination relating to the demonstrations occurring during hearings of the House Committee on Un-American Activities in San Francisco contained an erroneous statement. In addition to the above commendations and censures, Mr. Brennan has been the subject of a number of communications from outside the Bureau, commenting very favorably on his capable handling of speech assignments. *We have never lived down this mistake.*

SA Brennan has assumed the duties of No. One Man in the Central Research Section with vigor and enthusiasm and has displayed his ability to carry out the duties and responsibilities of this position in an effective and excellent manner. He is a very capable administrator, writer, lecturer and researcher.

Memo R. W. Smith to W. C. Sullivan

RE: Charles D. Brennan, SA, No. One Man, Central Research Section

SA Brennan constantly demonstrates a high degree of initiative, forcefulness, and ability to get things done. He generates enthusiasm and high morale among his fellow employees and directs personnel effectively.

The Bureau's problems are of continuing interest to SA Brennan and he is vitally concerned with resolving them. He has poise and confidence and is an excellent conversationalist. The over-all record of this employee is excellent. SA Brennan was interviewed by the Screening Committee on February 27, 1959, and the Committee felt he was well-qualified for administrative advancement. SA Brennan equitably shares the workload. His overtime average exceeded the Division average during four of the past six months.

SA Brennan makes an impressive personal appearance, dresses neatly, and is within desirable weight limits. He has a satisfactory leave record and is completely available for any kind of assignment which the Bureau may wish to give him.

RECOMMENDATION:

That SA Charles D. Brennan, No. One Man, Central Research Section, Domestic Intelligence Division, be reallocated to Grade GS-15.

ADDENDUM: W.S. HYDE/lae 1/4/62

Inasmuch as Section Chief Richard W. Smith is now in grade GS 15, it is not felt his No. One Man Charles D. Brennan should be promoted to grade GS 15 at this time, and hence be in the same grade as his Section Chief. There are six other instances where the Section Chief is in grade GS15 and the No. One Man is in grade GS 14. These instances are as follows: Section Chief H. A. McGrath, Accounting and Fraud Section, General Investigative Division, Grade GS 15; No. One Man Robert A. Garvey, Grade GS 14. Section Chief Clement L. McGowan, Civil Rights Section, General Investigative Division, grade GS 15; No. One Man Joseph G. Kelly, grade GS 14. Section Chief Roy H. Jevons, Physics-Chemistry Section, Laboratory Division, grade GS 15; Marion E. Williams, No. One Man, grade GS 14. Section Chief Donald C. Morrell, Correspondence and Tours Section, Crime Records Division, grade GS 15; No. One Man Gordon E. Malmfeldt, grade GS 14. Section Chief Jerome J. Daunt, Uniform Crime Reporting Section, Crime Records Division, grade GS 15; No. One Man Preston W. Dise, grade GS 14. Section Chief A. B. Eddy, Fugitive Section, Special Investigative Division, grade GS 15; Julian B. Engelstad, No. One Man, grade GS 14.

Although Brennan appears to have performed most satisfactorily as No. One Man of the Central Research Section, if he is promoted to grade GS 15 while Section Chief Smith is in the same grade, it will be necessary to consider all the above instances for similar promotional consideration and it is not felt that this action should be taken.

RECOMMENDATION:

That SA Charles D. Brennan, No. One Man in the Central Research Section, Domestic Intelligence Division, ^{not} be promoted from grade GS 14 to grade GS 15 at this time.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Charles D. BrennanTitle Special Agent, GS-14Rating Period: from 4/1/61 to 3/31/62

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Dear Mr. Hoover:

I received your letter of April 10, 1962, commending me for my part in the preparation of a recent document relating to matters of vital concern in the security field, and I want to thank you for your very kind comments about my work.

It was very satisfying to me to be able to work on the document you mentioned. Too often, the issue of communism is used as a political football by responsible people who should know better. I am happy to work for a man who believes in sticking to the facts and who has the courage to insist that the facts go into the record. With that policy, the FBI can never be made the goat by other Government officials attempting to justify distorted statements about the threat which communism represents to this Nation by claiming that the FBI did not fully apprise them of the seriousness of the situation.

It is gratifying to know that however the political pendulum may swing, we work for a man who will not be swayed from his principles or convictions.

As I conclude my duties as Chairman of the Florida Federation Public Affairs Department, I should like to express sincere appreciation to you, Mr. Hoover, and, Mr. Charles Brennan, for your valuable assistance. Dear Mr. Hoover:

I just returned from a period of extended annual leave during which I enjoyed a pleasant vacation with my relatives in Atlantic City, New Jersey. Upon my return, Assistant Director William C. Sullivan personally gave me your letter of July 2, 1962, commending me for my services in the preparation of a document pertaining to communism.

It was very nice to be greeted in such a way upon my return from leave, and I want to thank you for making it possible. It again made me appreciate what a fine organization I work for and how fortunate I am to be associated with you.

It was a great honor to have been selected to help prepare the document you mentioned, and I thoroughly enjoyed the work. I am most happy that the finished product met with your approval and most appreciative of your kind comments.

Sincerely yours,

Charles D. Brennan

Dear Mr. Hoover:

I received your letter of August 28, 1962, commending me for the manner in which I handled the assignment in speaking at the Disabled American Veterans National Convention in Atlantic City recently.

Your thoughtfulness in writing and your very generous comments are deeply appreciated. I would like to point out that the advantage on that occasion, as on all similar occasions, was all mine because of the great respect which this Nation has for both your name and that of the Bureau. It is a high honor to be selected to meet the public as a representative of the FBI, and I greatly appreciate your trust and confidence in selecting me for such assignments.

Mr. John Edgar Hoover
 Director
 Federal Bureau of Investigation
 Washington, D. C.

Dear Mr. Hoover:

Assistant Director William C. Sullivan has just personally given me your letter of September 7, commending me for my work and enclosing a check for \$246.00 as an incentive award approved by you.

In accepting the award, I would like to emphasize that anything that I may have done to merit it could only have been done under the guidance of and with the support of men like Mr. Sullivan and Mr. Belmont, both of whom have set an example for all of us in the Domestic Intelligence Division. Neither of these men know the meaning of the word impossible. Both of them are continually developing new and unique ideas to keep the FBI moving ahead and on top of the field. The accomplishments of the men under them are actually a tribute to their leadership, as well as a tribute to your own facility for picking the right men for key positions.

You may rest assured that all of us will be striving even harder to justify this expression of your confidence in us, and I personally want to thank you for the award as well as for the sentiment you expressed in the letter accompanying it.

Sincerely yours,

Charles D. Brennan

Speaking Assignments

Since assuming duties of Number One Man in the Central Research Section, SA Brennan has carried out speaking assignments in a superior manner. During this period, SA Brennan has completed 25 of these assignments in various parts of the country involving youth, high school, college, educator, military, foreign service, civic, veteran, and women's club groups. In connection with these assignments, SA Brennan has had to prepare appropriate speech material, some classified and some public source, and present it effectively considering the special interests of the audience involved.

Comments from representatives of groups before whom SA Brennan appeared strongly indicate the effectiveness of his speaking assignments. Some examples follow:

By letter of July 6, 1961, the managing director of the civic organization, Sertoma International, advised that Mr. Brennan's address before this organization's international convention was "appropriate, effectively delivered and made a decided contribution to the convention." Further, he states that the appreciation of the convention delegates was expressed in a formal resolution of gratitude to Mr. Brennan.

By letter of July 31, 1961, a vice admiral of the United States Navy stated that Mr. Brennan's presentation was "pertinent and informative" and reaction was uniformly complimentary. Further, "Mr. Brennan's participation contributed significantly" to the course being conducted for military personnel. (62-33413-4358)

By letter of October 13, 1961, a colonel of the United States Army described Mr. Brennan's lecture on "Communism in the United States" as "most commendable" and an "outstanding presentation." Further, his "expert coverage of the subject contributed significantly to the knowledge of the audience."

SA Brennan has also carried out lecture assignments before Bureau new Special Agent training and In-Service training classes in an effective manner.

Research and Writing

SA Brennan has an unusual talent for research and writing. His talent is not confined to his own assignments. He also has the ability to advise and assist others in accomplishing their writing tasks. This results in improved work and development of other Section personnel.

SA Brennan works in a superior fashion under pressure and has the ability to produce hard hitting, effective, and comprehensive material in a very short period

of time. Some examples follow:

A Top Secret paper, "Current Status of the Communist Party, USA," dated April 3, 1962, was prepared by SA Brennan to illustrate the Party's strength, influence, and expanding efforts to infiltrate and manipulate various segments of American life. He also showed the Soviet ties of the Party and its status as a conspiratorial weapon threatening the internal security of this country. The Director noted "It is excellent." Due to its sensitive nature, this paper was disseminated to a select group of high Government officials.

Recognizing the attempts of the Communist Party, USA, to exploit students on our college campuses, SA Brennan prepared material in June, 1962, for the use of the Director in publicizing this activity and exposing Party objectives. Consideration is being given to publishing this material in a nationwide magazine.

A Top Secret paper on the "Adjunct of Soviet Power -- The Communist Party, USA," dated July 2, 1962, was prepared by SA Brennan. This paper focused attention on the pattern of activities of the Communist Party, USA, during the first half of 1962 with a penetrating projection of future Party activities. Due to its sensitive nature, it was disseminated to a select group of high Government officials.

Since assuming the duties of Number One Man in the Section, SA Brennan has been commended by the Director on 4 occasions. On March 26, 1962, SA Brennan was commended for his contribution to an interesting and educational tour exhibit. On April 10, 1962, he was commended for his competence, ingenuity, enthusiasm, and thorough knowledge of the subject matter in connection with the preparation of an important Top Secret document on the current status of the Communist Party, USA. On July 2, 1962, SA Brennan was commended for his ability, judgment, and knowledge in the preparation of a document pertaining to communism. On August 28, 1962, SA Brennan was commended for his highly effective part in the program of the Disabled American Veterans National Convention in Atlantic City, New Jersey.

The examples cited are typical of the consistently superior work of SA Brennan. He is a versatile, enthusiastic, industrious, and loyal FBI employee.

SUBJECT: SPEECH ON COMMUNISM

① DISABLED AMERICAN VETERANS (DAV)
ATLANTIC CITY, NEW JERSEY
AUGUST 21, 1962

SA Charles D. Brennan, Central Research Section, spoke as scheduled at the DAV National Convention on August 21, 1962. It was a well-organized affair, and the DAV's National Commander, Francis R. Buono, publicly expressed his appreciation of the Director's cooperation in making available an FBI representative to participate in the convention.

The following are additional items of interest in connection with Brennan's appearance at the convention:

1. Brennan worked informally as an advisor to the convention's committee on National Security. Among the numerous resolutions submitted to this committee for study were several dealing with the Director and the FBI. Informal guidance was furnished the committee, and it unanimously approved the enclosed resolution which endorses without reservation the work of the FBI, commends the Director for his outstanding personal leadership, endorses his book "A Study of Communism" for widespread use both in schools and by all Americans, and acknowledges the FBI's role in training law enforcement officers from foreign countries. The resolution subsequently was unanimously approved on the convention floor and copies should soon be forthcoming from the DAV for the Director, the Attorney General, and the President.

2. Following his speech on August 21, 1962, Brennan received a request from Len Antrell, radio commentator of radio station WFPG which broadcasts to Atlantic City and nearby Jersey points, for a taped interview. Brennan decided to

During the interview, Brennan brought out the fact that, in response to a great many requests from educators, the Director had written a new book, "A Study of Communism," to facilitate greater understanding of the nature of the problem which communism represents today. The interview was broadcast over WFPG later that same day.

OF SUBJECT ORGANIZATION

3. Handling public relations at the convention for the DAV was Richard M. Wilson, Assistant Public Relations Director in their Denver, Colorado, office. Wilson was very interested in the Director's forthcoming book and said they would like to do an article about it for the DAV national magazine, which has a circulation of more than 200,000. He suggested the possibility of having one of the Washington, D. C. representatives come in to meet the Director, at which time a copy of the book could be presented to him. Appropriate photographs and an article about the presentation and the nature of the book, with background information about the Director and the FBI, could then be featured in the magazine. He was told this sounded like a good idea and that we would check to see how it might fit in with the Director's schedule. No firm commitment was made on this. If arranged, it would be sometime in September or October.

RECOMMENDATION:

That Brennan follow up the contact with Wilson to work out the details in line with his suggestion.

The Inspector agrees with the comments of the Assistant Director. Special Agent Brennan appears to be a resourceful, conscientious and industrious administrator. He makes a very impressive and neat personal appearance and is most enthusiastic about his work. He is within the Bureau's desirable weight standards. It is obvious from the personal letters in his file that he excels in handling speaking assignments on Communism and has been most effective in this field. He is well versed in Communist and espionage matters and appears to be well trained and well suited for his current assignment. He is still interested in administrative advancement and is completely qualified for any move in this direction.

Dear Mr. Hoover:

The Staten Island Critics Forum is deeply grateful to Special Agent Charles D. Brennan for his talk "Meeting the Communist Challenge." What he said was excellent and how he said it extremely effective. I have no doubt that it served as a corrective for certain overzealous elements in this community.

May I add that my own feelings coincide with an audience remark overheard by one of my colleagues: "If the FBI is represented by such men, then we have nothing to worry about."

On September 13, 1962 a member of your organization, Mr. Charles D. Brennan, presented a lecture on "Communism in the United States" to the students of the US Army Security Agency Officer Career Course and members of my staff and faculty.

As in the past, Mr. Brennan's presentation was most commendable. It is truly amazing to me how Mr. Brennan, without the use of any training aids or equipment, can so successfully deliver a full 3-hour lecture. His expert and informative coverage of the subject contributed significantly to the knowledge of all those present.

On behalf of the student officers and my staff and faculty, I wish to express my appreciation for an outstanding presentation.

On 22 March 1963, a program on the subject of "Americanism-Communism" was presented to military and civilian members of XX United States Army Corps by three of your agents in cooperation with Colonel Alfred G. Karger, chairman of the United States Citizens Committee of Cincinnati.

Agents E. D. Mason, E. Clark Murrish and Charles D. Brennan spoke authoritatively and effectively on the activities of the Communist Party, USA, and the means available to United States citizens to combat the internal threat the Party represents.

Their program surpassed any other I have heard on the subject of communism, both in content and in effectiveness of delivery. The simple, down-to-earth and realistic approach used by the agents in making their presentation assured maximum audience interest and understanding.

Thank you for permitting them to participate.

Please extend to Agents Mason, Brennan and Murrish my personal thanks for taking part in this program which contributed so much to the knowledge and understanding of members of XX United States Army Corps and reflected so favorably on the Federal Bureau of Investigation.

Mr. J. Edgar Hoover
Director

Washington, D. C.

Dear Mr. Hoover:

In this day of so much subtle left-wing activity on college campuses and elsewhere about the country, I am happy to report on the effectiveness of the seminars being conducted in Ohio by a group of your agents in cooperation with the U.S. Citizens Committee of Cincinnati, Inc.

Such a seminar was held on March 20 on the Muskingum College campus and those of us who attended felt that it was an excellent presentation. Your men on the panel were Mr. E. D. Mason, Mr. Charles D. Brennan, and Mr. E. Clark Murrish, all of whom did a splendid, objective job of pinpointing Communist methods and tactics, as did Col. Alfred Gus Karger, who participated on the panel.

We were disappointed by the size of the turnout but this was believed largely due to the fact that it came at a time (afternoon) when there was a conflict with the class schedules and also during the week of concentrated examinations.

However, the seminar received considerable favorable publicity in the newspapers of this area, both before and after it was held.

Our thanks to the FBI for making these experts on the subject of Communism and its sinister motives available to the public in such a forceful manner.

Sincerely,

Clair C. Stebbins

Dear Mr. Hoover:

On Monday, March 18, I had the good fortune to attend, at the invitation of Mr. Roger Ferger, Publisher of the Cincinnati ENQUIRER, the American-Communism Seminar which was sponsored by the United States Citizens Committee, Inc. of Cincinnati. The seminar was held in the Cincinnati headquarters of the Federal Bureau of Investigation.

Participants in the program were Col. Alfred Gus Karger, AUS (Ret.) and E. D. Mason, Special Agent, Charles D. Brennan, Supervisor, E. Clark Murrish, Field Supervisor of the F.B.I.

It is my understanding that this seminar has been held during the past several weeks on all the university and college campuses and in the major cities of the Cincinnati District.

The seminar on the 18th was a well organized, no-nonsense, efficient, informative meeting. I was particularly impressed by the factual, unemotional presentation. True, this kind of presentation usually forfeits loud and long "hoopla", but, I am convinced, is the proper formula for ultimate and lasting success.

My congratulations to the Bureau on another invaluable program.

With a prayer that God may continue to guide and bless you and the Bureau, I remain

Very sincerely yours,

Dear Mr. Hoover:

Enclosed is a copy of the Americanism-communism Seminar which was given at the University of Dayton from 9:30 A.M. to 11:30 A.M. on Tuesday, March 12, 1963. The speakers were excellent and the program was well attended and well received.

I recall with great pleasure the excellent Seminar on "Concentrated Communism" which the F.B.I. gave here at the University of Dayton on February 21, 1961.

We are now constructing a Two-million dollar University Center on this campus. A large auditorium will be part of the building, which will be completed in about 18 months. I am looking forward, hopefully, that the Federal Bureau of Investigation will find it possible to give another seminar in the new auditorium.

Congratulations to you, Mr. Hoover, for the wonderful F.B.I. which you have directed for so many years. It was nice to meet Mr. Charles D. Brennan, and to see friends, Ed. Mason, Mr. E. Clark Murrish, and Col. Alfred Gus Karger at the Seminar, in which they presented an outstanding program.

Colonel Anderson of the University of Dayton R.O.T.C. was much impressed by your famous address, AN AMERICAN'S CHALLENGE. He would like to have 75 copies, if possible, to distribute to his students. I, also, could distribute at least 100 copies. If you could send us that many copies, we would be delighted to give copies to interested persons.

Thank you for this and all past services which are greatly appreciated. With every good wish, I am

Dear Mr. Hoover:

We have just returned to our offices from hearing a presentation of a Seminar on Communism which featured E. D. Mason, Clark Murrish and Charles Brennan, all FBI Agents. They were assisted by Col. Gus Karger.

I am inspired enough by the experience to immediately write to you to thank you for whatever part you played in providing the time for these agents to come here to instruct us as to the menace of communism. Some of the facts they revealed were chilling and fearful, yet, the educators and ministers with whom I conferred after the meeting unanimously endorsed the program and were lavish in their praise of these four distinguished men. We were not left with only a fear of communism, but also a confident feeling that we could and should do something to defeat it.

On behalf of our seniors, faculty and citizens, please accept my thanks.

The Honorable J. Edgar Hoover

Dear Mr. Hoover:

I have just returned from the Americanism-Communism Seminar held in the conference room of the Cincinnati FBI offices. This was a condensed seminar held for a number of Cincinnati's leading business executives.

This seminar was chaired by E. D. Mason, who presented Charles D. Brennan, headquarters supervisor, E. Clark Murrish, supervisor of the Cincinnati FBI Division, and Col. Alfred Gus Karger, a prominent Cincinnati who dedicates most of his time and energies to the fight against Communism.

All four men spoke brilliantly and impressively. Many of my friends who attended shared my conviction that this seminar placed before us concisely an excellent picture of the nefarious techniques of Communist workings. Mr. Mason and Mr. Brennan particularly did a hard-hitting, convincing job. These men, and also Mr. Murrish and Colonel Karger, knew what they were talking about and expressed themselves impressively and tellingly. In my judgment, this organized work of our FBI is one of the most effective things that is being done today in alerting our citizenry against the subtle threat of Communism.

Each attendant at the seminar was given a copy of your excellent speech, "An American's Challenge", made Oct. 9, 1962 before the American Legion National Convention in Las Vegas, Nev.; a copy of the FBI's "Expose of Soviet Espionage May 1960"; and a copy of "Red Goals and Christian Ideals", the first in your own series on "The Communist Menace."

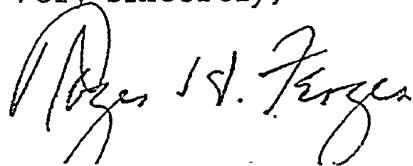

2.

Time has not yet permitted reading of all three documents, but I did read your American Legion speech.

It long has been my conviction that nothing can resist an informed, aroused public opinion. Expressions such as yours go far toward informing and arousing that public opinion. I reiterate, "Thank God for our FBI."

All good wishes.

Very sincerely,

Roger S. Ferges

Dear Mr. Hoover:

Special Agent Charles Brennan was in Texas recently speaking before a number of meetings sponsored by the Methodist Church of the Southwest Texas Annual Conference. It was my pleasure to be the moderator at one such meeting held here in Austin.

I want to compliment Mr. Brennan and your organization for this assistance, and for the very high caliber of performance by Mr. Brennan. In our meeting, there were a number of unreasonable questions presented, which were handled in a most excellent manner by him.

This is all the more reason for the tremendous respect we hold for the Federal Bureau of Investigation.

I have received your letter of March 19th relative to Special Agents of the FBI participating in a recent seminar on communism in Portsmouth. It was good of you to write me, and I am grateful for the kind sentiments you expressed. My representatives join me in thanking you for your generous comments and thoughtfulness in writing.

Your suggestion concerning the possibility of our conducting similar nationwide seminars is appreciated and I thought you would be interested to know we do fulfill speaking engagements on communism throughout the country. In addition, this Bureau has prepared taped recordings on communism which are available to the general public free of charge and we also disseminate without cost various publications on this topic. Further, my books, "Masters of Deceit" and "A Study of Communism," are available in local libraries throughout our Nation. The former was written with the hope that it would help its readers gain an insight into the true nature of communist activities. The latter is a comprehensive study of the development and expansion of communism.

Enclosed is some literature I trust you will find to be of interest.

On March 15, 1963 four members of your staff -- namely Mr. E. D. Mason, Charles D. Brennan, E. Clark Murrish, and Col. Alfred Gus Karger conducted a seminar in our Portsmouth area. The magnificent dignity and dedication of these men captivated the audience. Their quick wit and serious, enlightening exposure of Communistic tactics made us realize that the F.B.I. is indeed our watchful protector. We gloried in our American heritage and citizenship.

Mr. Hoover, would it be possible for you to consider a like program of seminars for the senior high school students throughout our land? We know it would aid our youth to meet this challenge of evil with intelligent convictions.

Dear Sir

I desire to take this opportunity to report to you on our Seminar Communism-American Citizenship, held last Friday, March 15, 7:30 p.m., Clay High School, Route 23, Portsmouth, Ohio.

Having served as coordinator for the tri-county event; namely, Pike County, Lawrence County, and Scioto County, I have been in a position to get the reaction from various people since the event.

In the first place, I want to state that the personalities appearing on the program: namely, Mr. Charles D. Brennan, one of your supervisors; Mr. E. D. Mason, in charge of the Cincinnati Division; Mr. E. Clark Murrish, Field Supervisor for the Cincinnati Division; Colonel Alfred Gus Karger, Chairman of Cincinnati U. S. Citizens Committee - all did an outstanding job.

They are dynamic personalities and handled the program in a most efficient manner. In fact the minister, Reverend Cecil, of the Wheelersburg Methodist Church, Wheelersburg, Ohio, of which I am a member, devoted at least five minutes to the seminar in his sermon, Sunday, March 17, stating in his opinion this is the approach to the problem, and he had nothing but the highest appreciation for all speakers. I would also like to point out that our local agent, Mr. Wilfred Goodwin, of Portsmouth, Ohio, was of great help to us in advice, planning, etc. In my estimation, he, too, is an outstanding representative of the FBI.

I sincerely feel that seminars of this type should be held throughout the entire U. S. A. to awaken the people, and to inform them to the problem. Indeed it was a fine educational seminar, and I am proud to have had a small part in helping organize the foundation for same.

Mr. Goodwin delivered to us seventy-four copies of your book entitled "A Study of Communism," which is an excellent book. We are distributing them to all three counties involved for use in school libraries; namely, 24 to Scioto County High Schools; 22 to Lawrence County High Schools; 14 to Pike County High Schools; 10 to Portsmouth Schools; 2 to New Boston High School; and 2 to Notre Dame High School.

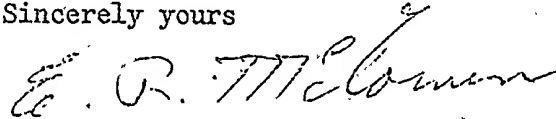

Honorable J. Edgar Hoover

Americanism Vs. Communism

THREE OF CINCINNATI'S most important educational institutions will become partners Monday in a vitally important step toward a wider public understanding of the major issues that separate today's world. The institutions are Our Lady of Cincinnati College, Xavier University and the University of Cincinnati. And the three of them will be hosts, at various times during the day, to an American-Communism Seminar, sponsored by the U. S. Citizens Committee of Cincinnati.

The "star" of the seminar will be Charles D. Brennan, a supervisor in the Washington headquarters of the Federal Bureau of Investigation. Sharing the spotlight will be three speakers just as well equipped—Col. Alfred Gus Karger, chairman of the U. S. Citizens Committee; E. D. Mason, special agent in charge of the Cincinnati FBI division, and E. Clark Murrish, field supervisor of the Cincinnati FBI division.

What happens at Our Lady of Cincinnati, Xavier and UC actually marks the beginning of an intensive two-week period during which the four-member panel will visit every major city in the southern half of Ohio.

Its audience will consist of college students, teachers, military personnel, business leaders ~~and~~ rank-and-file citizens. By the time the panel completes its presentations, literally thousands of Ohioans will have benefited from an authentic, responsible

exploration of the Communist menace. Just as important, they will have an equally meaningful understanding of the American heritage.

The two-week program that begins unfolding Monday is the first of its kind in America. That the FBI has seen fit to join the U. S. Citizens Committee in its sponsorship should commend it to every Ohioan interested in the preservation of his freedom.

My dear Mr. Hoover:

Miami University is greatly indebted to the Federal Bureau of Investigation, and to the United States Citizens' Committee of Cincinnati, for presenting the seminar on communism on our campus today. In addition to Mr. Mason and Mr. Murrish of the Cincinnati Office, Mr. Charles Brennan of the FBI also spoke.

I believe it is very important indeed for the Federal Bureau to provide this kind of information to college and university students in particular. I should like to commend all of the participants in this program for the very high level of their presentation. The facts of the Communist conspiracy were presented without emotional excitement and in very careful perspective. All of the participants proved to be excellent representatives of the Federal Bureau.

As you are well aware, the Communist menace is one which on the one hand is often apt to arouse hysteria, and on the other hand may occasionally produce indifference or apathy. Both extremes seem to me to be most unfortunate in our country. The program presented here at the University represented a balanced point of view and, for that reason, was additionally effective.

It is always a pleasure to have Mr. Mason and representatives of the FBI on our campus.

Dear Mr. Hoover:

Recently it was my privilege to attend a seminar on Communism held in Steubenville and conducted by members of your organization.

Thank you for making it possible for us to obtain information on this subject from qualified people. It has long been my belief that one of the strongest allies of communism in this country is our national ignorance of what it truly represents. This ignorance can be dispelled only by the dissemination of the truth.

The seminar as presented should have accomplished much. The high regard which the nation has for your department lends credibility to information provided by your representatives.

Particularly, I should like to commend the actual method of presentation. The importance of the problem was neither exaggerated nor minimized. The presentation was factual and impressive. The approach was positive rather than negative. Special note was made of potential danger in extremism, whether right or left.

It is my hope that you will find it possible to continue programs of this nature.

Sincerely,

John T. Bernert

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated; All employees in same salary grade should be compared.

- Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

**QUALITY WITHIN-GRADE SALARY INCREASES
INVESTIGATIVE PERSONNEL
DOMESTIC INTELLIGENCE DIVISION**

Mr. Sullivan has recommended Quality Salary Increases for ten Agents in the Domestic Intelligence Division in connection with the submission of their 1963 annual performance reports. These are in addition to Quality Increases which have already been approved for eleven investigative personnel who received Outstanding annual performance reports. Each of these men was rated Excellent or Outstanding on all important items in his performance report and received an over-all adjective rating of Excellent. Mr. Sullivan in justification certified that they have performed the most important functions of their positions in a manner which substantially exceeds the normal requirement; their work has been highly effective; this exceptional high level of effectiveness has been sustained during the rating period and is expected to continue indefinitely; and when viewed as a whole, their performances merit a faster than normal salary advancement.

DUPLICATE YELLOW

In addition to being rated Excellent on this performance report, each is completely available, their overtime has been satisfactory, and no serious administrative action was taken against them during this rating period. There follow additional specific comments concerning each for the past year:

SA Charles D. Brennan EOD 4-19-48 and is in Grade GS-14, \$13,695. Commended on four occasions and received one incentive award. No censures.

SA Daniel J. Brennan EOD 1-19-48 and is in Grade GS-15, \$15,045. No commendations or censures.

SA Arbor W. Gray EOD 11-6-50 and is in Grade GS-14, \$13,270. Commended on two occasions and received one incentive award. No censures.

SA W. Raymond Wannall, Jr. EOD 7-27-42 and is in Grade GS-15, \$15,525. Commended on four occasions and received one incentive award. No censures.

A careful review of information submitted by Mr. Sullivan, including the performance reports and Agents' personnel files, reflects that Quality Salary Increases are justified and would be more suitable recognition than a cash award for their superior performances under the incentive awards program.

RECOMMENDATION:

That SAs Charles D. Brennan, Daniel J. Brennan, Joseph F. Condon, Arbor W. Gray, John E. Keating, George C. Moore, Jr., Raymond A. Mullins, Edward B. Reddy, Richard W. Smith and W. Raymond Wannall, Jr., each be approved for a Quality Within-Grade Salary Increase.

Dear Mr. Hoover:

Various periods of official business travel and leave kept me away from the office most of the month of March. However, upon my return, my deputy, Captain Northwood, and other members of my staff reported most favorably on the Americanism-Communism Seminar which was held at this installation on March 12, 1963.

Mr. Charles D. sound judgment. He has a marked ability to work under pressure but still maintain the high quality of his work. These qualities apply not only to his research, writing, and administrative duties, but also to his continuing effective public appearances as a Bureau speaker on the subject of communism.

Since assuming duties as Section Number One Man, Mr. Brennan has effectively carried out over 100 speech commitments outside the Bureau on the subject of communism. Mr. Brennan has given classified lectures before organizations of the military services which were very well received. However, the great majority of Mr. Brennan's talks have been public including schools, civic, professional, and business groups. He also has prepared tapes for radio use and made television appearances. Mr. Brennan's effectiveness is attested to by correspondents who have written to the Bureau. They have commented that Mr. Brennan "did a splendid job," gave "sound, pertinent information in a forth-right manner," and was "extremely effective."

Since he has served as Number One Man for the Section, Mr. Brennan's competence has been recognized by the Director on a number of occasions. On March 26, 1962, Mr. Brennan was commended by the Director for his contribution to an interesting and educational tour exhibit. On April 10, 1962, he was commended for his competence, ingenuity, enthusiasm, and thorough knowledge of the subject matter in connection with the preparation of an important document on the current status of the Communist Party, USA. On July 2, 1962, Mr. Brennan was commended for his ability, judgment, and knowledge in connection with the preparation of a document pertaining to communism. On August 28, 1962, Mr. Brennan was commended for his highly effective part in the program of the Disabled American Veterans National Convention. On September 7, 1962, Mr. Brennan was commended for the outstanding fashion in which he had been discharging his responsibilities for an extended period of time and awarded \$300.00. On April 3, 1963, subsequent to the time covered by his enclosed performance rating, Mr. Brennan was commended for his splendid participation in a number of Americanism-Communism Seminars held over a two-week period throughout the Cincinnati Division.

In consideration of Mr. Brennan's continuing high quality performance of duty, it appears that the sustained feature of a quality salary increase would be

the most effective way of recognizing Mr. Brennan's past performance and simultaneously motivating him to perform his duties continuously at full capacity.

 Washington, D. C.

Dear Mr. Hoover:

Assistant Director W. C. Sullivan personally gave me your letter of May 7, 1963, informing me that you have approved a quality within-grade salary increase for me effective May 12, 1963. I wanted to let you know how pleased I am and to thank you for your kind and thoughtful action.

Such action on your part is what has made my association with the FBI through the years a truly enjoyable experience. Recently I marked my fifteenth year with the FBI, and each passing year has made me appreciate all the more everything you have done not only to make the FBI a truly respected organization on the outside but also a wonderful one on the inside--one in which the individual feels that he plays an important contributing role which you are very cognizant of and highly value. It adds greatly to the meaning of a job!

Sincerely yours,

Charles D. Brennan

Honorable J. Edgar Hoover
Director

United States Department of Justice
Washington, D.C.

Dear Mr. Hoover:

As a former Agent, I was particularly anxious that Mr. Brennan make a good impression in his appearance before the Missouri Peace Officers convention April 29, 1963. To say the least, he far exceeded my expectations and I heard innumerable comments about the splendid job he did. Mr. Brennan can well assume his position among the countless other splendid representatives of the Bureau who so capably project the competence and integrity of the Federal Bureau of Investigation.

I also want to commend to you the presentation of Special Agent in Charge Henry A. Fitzgibbon, who spoke of the facilities available to local law enforcement from the Federal Bureau of Investigation. He spoke in a very sincere vein, was clear in his elaboration of his points and in my estimation did a great deal toward cementing relations between our local departments. On numerous occasions I have heard most favorable comments about Mr. Fitzgibbon and we are happy indeed to have him assigned here in Kansas City.

Thank you for having made these gentlemen available to us and, as always, I want you to know this Department and I stand ready to be of any assistance to you at any time.

Sincerely,

Clarence M. Kelley
